Make 16 of these to yield 32 blocks. **(View 2)**

Add one star point **(B)** to the background rectangle **(D)** and sew from corner to corner. and trim excess. **(View 3)** Press back and add

another square to the opposite side following the above directions.

Make 4 of these for each of the blocks. You can make them as scrappy as you want, but you will need a total of 128 of these. Join the sawtooth star sections into rows to make the blocks. **(View 4)**

Beginning with a sawtooth star for Row 1, Block 1 join the blocks into 9 rows of 7 blocks each , alternating the Sawtooth Star and the Snowball Block. Add the first border, press. Add second border, press and quilt as desired.
